

Safeguarding Children Policy Statement

Safeguarding children is the responsibility of everyone

Statement of commitment

We are aware that many children and young people are victims of different kinds of abuse. This includes children who live or access activities in Kingston, Richmond and surrounding areas. We are also aware that many families experience hardship and various difficulties and they need support in order to provide adequate care for their children.

At The White House Dental Practice we aim to create an environment that is safe and we are committed to doing everything in our power to protect children, promote their welfare and support families.

If you have any concerns regarding a child's welfare please contact our designated Safeguarding Lead for The White House Dental Practice

Name: **Ruth Debney**

Job/role title: **Practice Principle**
